

Triples league VS Frys

26th July

What can I say about a magnificent afternoon of bowling that left Frys a little punch drunk I think. They were looking strong in the early part of the game & looked confident to come away with a good result.

Johns team kept battling away to give him another late victory, My rink had one of the closest & best tactical games we have ever played to come away with a well earned draw & Marie's team with their magnificent 7 end run rattled their captain to give them another well earned draw after being 16-3 down at one stage(never over until!).

Players down, so some were in unfamiliar positions & thanks Roger for stepping in at short notice I hope you enjoyed the game.

I'm sure the 10 points will consolidate our 2nd place
